A fresh start for corticoid therapy

GLAXO ANNOUNCE

Betnelan

an entirely new
anti-inflammatory
steroid

GLAXO LABORATORIES LIMITED

Here is a steroid having increased anti-inflammatory activity with a decreased possibility of side effects. Betnelan, the new potent steroid now available for clinical use,

is devoid of salt retention activity

has negligible effect on potassium balance

causes no mental depression

and shows promise of clinical superiority in other respects.

For short-term therapy a '2:1:½' dosage scheme is suggested. For example, in acute asthma, severe eczema, urticaria, shock and other conditions for which corticoids are indicated systemically, the dosage may be

2 tablets t.i.d. for 2 days followed by 1 tablet t.i.d. for 2 days and ½ tablet t.i.d. for 2 days.

For maintenance, dosage need usually be no more than ½ tablet twice daily.

BETNELAN is presented as scored tablets of 0.5 milligrams betamethasone in bottles of 30, 100 and 500

Dose for dose, Betnelan is the lowest priced of all corticosteroids available to-day

Betnelan (betamethasone) is an entirely new parent compound developed in Britain by Glaxo Laboratories Ltd. Its merits are derived from its unique chemical structure—the beta position of the 16 methyl group in the formula 16β-methyl-9α-fluoroprednisolone (betamethasone) representing more than 20 new stages of manufacturing complexity.

BETNELAN — better for — safety: activity: economy

SAFE

Rastinon (tolbutamide) has been proved to be *completely safe*—in clinical trials and in routine usage—by over 1,250,000 diabetics. It has fewer side-effects than any other oral anti-diabetic substance and no serious side-effects have ever been reported.

EFFECTIVE

Over 1,000 published articles substantiate the effectiveness and safety of Rastinon.

RESEARCH . . .

THE FUTURE . . .

AND HOECHST

The great German pharmaceutical company, Farbwerke Hoechst A.G., last year celebrated its seventy-fifth anniversary. It could look back on many outstanding developments in medical science that it had introduced—ranging from the first diphtheria antitoxin, to Rastinon, the established oral treatment of diabetes.

Today, in the Pharmacopoeia of every country are listed drugs originated at Hoechst; for example, in the British Pharmacopoeia 1958 are listed Procaine, Epinephrine, Mersalyl, Tetracaine, Pethidine, Methadone, and Normethadone, each one of which was discovered in the Hoechst laboratories.

300 graduate scientists — chemists, doctors, pharmacists — are employed by Hoechst in Frankfurt on pharmaceutical research alone. They work in ultra-modern laboratories, with all the equipment they could possibly need.

The promise from Hoechst is of even greater achievement in the discovery of new weapons against disease.

1958 Reverin
1955 Rastinon
1948 Normethadone
1945 Methadone
1939 Pethidine
1931 Tetracaine

*Important
new
product*

relieves the total cold syndrome-Orally

'Triotussic' provides—

- non-addictive cough suppressant action, respiratory stimulation and bronchodilatation
- nasal decongestion and relief of rhinorrhoea without "rebound", or damage to respiratory cilia, or central stimulation
- analgesic and antipyretic actions without gastric intolerance
- expectorant action to increase respiratory tract lubrication
- the known anti-allergic advantages of 'Triominic'

Triotussic 'timed-release' tablets provide in minutes relief which lasts 6 to 8 hours.

First—the outer layer dissolves within minutes to give 3 to 4 hours' relief.

Then—the inner core disintegrates to give a further 3 to 4 hours' relief.

Thus—3 doses provide round-the-clock total antitussive relief.

FORMULA: Each 'timed-release' tablet contains;

'Triominic'	25 mg.
(phenylpropanol-amine-HCl	12.5 mg.
mepyramine maleate B.P.	6.25 mg.
pheniramine maleate	6.25 mg.)

Noscapine hydrochloride 20 mg.
Terpin hydrate B.P.C. . . 90 mg.
Paracetamol 160 mg.

DOSAGE for adults—2 tablets every 6 to 8 hours. Total 24-hour dosage should not exceed 6 tablets.

PACKS: Supplied in dispensing bottles of 50 and 250.

PRICE: Basic N.H.S. Price (including P.T.) for 50 tablets (8 days' treatment) is 6/8d.

Also available: 'Triotussic' Suspension, for children and patients who prefer liquid medication, in bottles of 4 fl. oz. and 20 fl. oz. (dispensing). Basic N.H.S. Price (including P.T.) for 4 fl. oz. is 6/3d.

*For the patient who
just doesn't get well*

Anabolex

the protein anabolizing, non-virilizing steroid promotes
—a return to appetite—an increase in weight—a sense of well-being

PATIENTS who are run down or who are recovering from illness frequently suffer from faulty protein metabolism. They are in negative nitrogen balance. Protein, in effect, is being broken down and lost faster than it is being built up.

Anabolex (androstanolone) restores the physiological balance. Many clinical trials have shown that, following the administration of Anabolex, there is an immediate return of the body's capacity to build up protein. The patient feels better, eats better and gains weight.

Here, then, is a physiological "tonic" with a wide therapeutic range. The weakness, lassitude, lack of energy and interest associated with many pathological states may be rapidly overcome by the administration of Anabolex.

Anabolex can be safely given to patients of all ages and both sexes; in therapeutic doses, its virilizing properties are almost negligible. The only known contra-indication is prostatic carcinoma.

*Anabolex is a
registered trade mark*

PRESENTATION: In vials of 25 and 100 tablets, each tablet containing 25 mg. Androstanolone. Basic N.H.S. cost 20/- and 70/-. Anabolex is exempt from purchase tax. Samples and literature will be gladly sent on application.

INDICATIONS Middle-aged or elderly people who are debilitated or "run down." Preparation for and recovery from planned surgery. Convalescent patients. Premature infants. The child or adolescent who is under weight. Anorexia, Asthenia, Malnutrition, Wasting diseases.

LLOYD-HAMOL LIMITED  **11 WATERLOO PLACE, LONDON, S.W.1**

THIS CHILD'S

may depend
on the safety of
'Distaval'

Consider the possible outcome in a case such as this
—had the bottle contained a conventional barbiturate. Year by
year, the barbiturates claim a mounting toll of childhood
victims. Yet today it is simple enough to prescribe a sedative and
hypnotic which is both highly effective...and outstandingly safe.
'Distaval' (*thalidomide*) has been prescribed for nearly three years in this
country, where the accidental poisonings rate is notoriously high;
but there is no case on record in which even gross overdosage
with 'Distaval' has had harmful results. Depend on the safety of

'DISTAVAL'

LIFE

A significant advance in the treatment of AMOEBIASIS

TABLETS OF **FURAMIDE** (ENTAMIDE FUROATE)

FURAMIDE *

offers for the first time a specific and highly effective treatment for amoebiasis, which is entirely suitable for the ambulant patient. No special diet—no injections—no enemas. Just a simple, 'three times a day' dosage schedule for 10 days.

FURAMIDE

supersedes E.B.I. and broad-spectrum antibiotics (except where the liver is involved).

Cure rates of 75-80% in the acute stage and of 90-100% in the chronic state may be expected. Symptoms are relieved within a few days.

Furamide is completely non-toxic, causes no serious side effects and is suitable for patients of all ages.

Further details gladly sent on request.

* An exclusive product of Boots Research.

Furamide tablets each contain 0.5G Entamide (diloxanide) Furoate and are supplied in containers of 15 and 250.

*Adult female. Total body psoriasis of several years' duration.
Alphosyl started 22/1/58. Lesions practically clear by 5/3/58.*

dramatic clinical results in psoriasis

followed by medical successes
throughout the United Kingdom

Though modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation and many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials and medical successes throughout the United Kingdom—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two powerful and proved agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing process.

ALPHOSYL LOTION combines these two valuable agents in one preparation and has had impressive results where other medications have failed.

The successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of infection, how long the duration of the condition, or whatever the therapy previously used. References: "Clinical Medicine" Vol. 5, No. 4, April 1958; and "Ohio State Medical Journal," Vol. 55, No. 6, June, 1959.

whatever the situation

... relief is always within reach

Immediate action is the key to successful treatment of migraine. And 'Migril' is tailor-made for such action. The tablets can be taken anywhere—at any time—to avert an attack. And thanks to their adequate content of ergotamine, they provide really prompt relief. Each tablet contains 2 mgm. ergotamine tartrate; yet this dosage can be taken with minimal risk of nausea or vomiting—for 'Migril' also incorporates the powerful anti-emetic, cyclizine hydrochloride. Caffeine is added, too, to potentiate the action of ergotamine. For these good reasons the patient who carries 'Migril' carries constant insurance against attacks.

'migril'

Each compression-coated tablet contains ergotamine tartrate, 2 mgm; caffeine (alkaloid), 100 mgm; cyclizine hydrochloride, 50 mgm. In bottles of 10 and 100.

BURROUGHS WELLCOME & CO.

(THE WELLCOME FOUNDATION LTD.)

LONDON

transid
brand

transid

A unique antacid.....

polyaminostyrene

insoluble, non-alkaline ion-exchange resin

Of the antacids at present available for the treatment of peptic ulcer, 'Transid' most nearly approaches the ideal, defined (in "The Pharmacological Basis of Therapeutics," 1955. (a) p. 1040; (b) p. 1032) as

"that which does not cause systemic alkalosis, does not cause 'rebound' stimulation of the secretion of acid, interferes least with digestive processes, does not cause diarrhoea or constipation, is not irritative to the stomach, does not release carbon dioxide upon reacting with hydrochloric acid and, lastly, is efficient in neutralising gastric juices."

'Transid' is active only against *excess* acid; it also reduces pepsin activity. Otherwise, 'Transid' is completely inert; it does not interfere with digestion or absorption and cannot cause alkalosis, constipation or diarrhoea. Clinical experience suggests that 'Transid' may succeed in cases of peptic ulcer in which medical treatment with orthodox antacids has failed.

INDICATIONS:

Peptic ulcer; gastric hyperacidity from whatever cause; dyspepsia of pregnancy.

No ill-effect can come from too much polyaminostyrene and the correct dose is that required to control the symptoms (initially, usually two to four tablets every two or three hours).

PACK AND PRICE:

100 tablets in foil pack, basic NHS cost, 10s.

May we send you a copy of our Standard Publication on 'Transid'? It contains much more information than can be included in a journal advertisement.

The things they say !!!

Some Practitioners, in less controlled moments, have been heard to say harsh and even uncomplimentary things about their ulcer and indigestion patients.

Patients have been heard to say even harsher and more uncomplimentary things about their Doctors.

We, however, blush at the complimentary letters we receive from both busy practitioners and their patients telling of DROXALIN'S efficacy and palatability in Gastric Ulcer, Hyperacidity and Sickness of Pregnancy.

in the letters we receive doctors speak highly of Droxalin as:

Giving rapid relief to the abdominal pain and discomfort due to Hyperchlorhydria and Peptic Ulcer.

Being an excellent tablet for indigestion, and in particular for the indigestion of pregnancy.

Effective in acute Dyspepsia and accompanying Insomnia.

Giving instant relief from abdominal discomforts and Duodenal Ulcer.

New...

a tranquilliser that *really* meets the case

Striatran

EMYLAMATE

Regd.

for Alert Tranquillity

'STRIATRAN' offers an entirely new approach to the treatment of the tense and anxious, in which tranquillity without drowsiness is achieved. In recommended dosage normal composure is re-established, while natural alertness and skilled performance remain unimpaired.

Troublesome side-effects such as jaundice, parkinsonism or ataxia have not been reported. Dosage* is simple and uncomplicated.

'Striatran' calms without dulling the mind

*Usual adult dosage: 1 tablet (200 mg.) t.i.d. before meals.

United Kingdom N.H.S. basic cost—4s. 6d. per 25 tablets (ex dispensing pack), plus p.t.

NOTE: Detailed information on request.

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

More active...more effective...

Graph showing reduction in total bacterial and streptococcal counts with 'Hibitane' Lozenge Therapy

'Hibitane' antiseptic lozenges may be used in the prevention and treatment of infection, and to relieve pain and discomfort.

HIBITANE^{TRADE MARK} antiseptic lozenges

SALIVA TESTS show that 'Hibitane' Lozenges are more active in the mouth than other antiseptic lozenges. A hundred-fold reduction is achieved in the bacterial counts when the lozenges are sucked at 2 hourly intervals.

'Hibitane' Lozenges each contain 5 mg. 'Hibitane' (Chlorhexidine) Hydrochloride B.P.C. with 2 mg. Benzocaine B.P. – sufficient to ease pain without interfering with the swallowing reflex or hindering healing. They are safe, pleasantly flavoured and well-liked by children.

Available in tubes of 12 Lozenges.
Dispensed from 250's (Dispensing Pack).
Basic N.H.S. cost for 12 lozenges (dispensed) 1/1d.

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B Complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme is not advertised to the public and may be prescribed on Form E.C.10*

Delrosa—
3 times as rich
in Vitamin C

DELROSA is made from Rose Hips — the richest natural source of Vitamin C in the world. In fact—Delrosa is rather more than 3 times as rich in Vitamin C as orange juice, nearly 3 times as rich in Vitamin C as concentrated blackcurrant syrup.

Furthermore, Delrosa has been found readily assimilable by infant digestive systems from birth.

Delrosa is on sale at all chemists

To lessen the fear of mutilation . . . arrange for Prosthesis before mastectomy

The psychological hazards of mastectomy are generally recognized. A woman's fear of mutilation—of its effect on her appearance—is often as great as her fear of surgery itself. That is why arranging for the correct prosthesis replacement *before* surgery helps to minimize the psychic trauma—enabling the patient to face the adjustment period with more calm and assurance.

The surgeon can prescribe Spencer Mastectomy Supports with complete confidence that they will meet both the medical and cosmetic indications. The reason: Each Spencer Breast Support and Breast Form is individually designed, cut and made for each patient.

Wherever support is indicated for breasts, back, abdomen—for women, men, children—you will find Spencer Supports demonstrably superior.

WHEN BARBERS PULLED TEETH

IN 1399 Henry IV awarded a London barber 16d a day to draw the teeth of the poor without charge. So began the second stage of our state dental service. (The first was already thriving in the hands of the Public Executioner, who pulled teeth as a handy punishment for minor offences.)

We have come far since then. The law no longer claims our teeth, and neither does the barber. In fact these days everyone wants us to keep our teeth, and to keep them healthy. We know too that the earlier we start our children in good dental habits—by teaching them the C D E F rule for good teeth—the more promise we give them of healthy teeth both now and in adult life.

C **CLEANING** Often and thorough, to remove food particles that can cause decay. After each meal if possible.

D **DENTIST** No longer barberous. Regular visits to catch any trouble early.

E **EXERCISE** Lots of chewing—apples, celery, chewing gum,* raw vegetables. Helps to clean teeth, promotes flow of saliva (nature's mouth-wash); stimulates gums, aids proper jaw development.

F **FOOD** Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

** The Mayas of Central America chewed chicle (the basis of today's chewing-gum) more than 1,000 years ago. And they were renowned for their splendid teeth.*

When treatment demands
bland fluid—

ROBINSON'S

makes it easy

Barley water has long been recognised as the ideal treatment in cases where large amounts of liquid form part of the prescription. With its high solids content, smooth demulcent barley water is especially suitable in gastro-intestinal complaints where the internal membranes are inflamed and tender.

Robinson's Lemon Barley and Orange Barley provide a convenient form of natural, wholesome barley water freshened with lemon and orange and perfectly balanced for rapid absorption.

Robinson's 'Patent' Barley gives a quickly prepared home-brew of barley water that can be mixed with milk or flavoured with any fruit juice that the patient prefers. A half-pound pack makes 96 glassfuls of fresh barley water.

Favourite patient: favourite drink

Miss T. The one in the corner, all sense and spectacles. And the favourite patient's favourite drink, the one in the glass in her hand?—Lucozade, of course. It has helped during the last week of pyrexia, when metabolism was disturbed and fluid intake a problem. It is helping now as the patient starts to recover, but still cannot take a full diet. Less than a quarter as sweet as sucrose, providing 126 Calories in one glass, and putting them into the blood stream *quickly* — those are the reasons why the doctor too approves of . . .

LIGNAX

TRADE MARK

HAEMORRHOIDAL SUPPOSITORIES

(and ointment)

LIGNAX is safe because it contains lignocaine local anaesthetic which (unlike other surface anaesthetics) does not give rise to sensitisation dermatitis.

The rapid effective anaesthesia provided by LIGNAX, combined with the soothing action of the base, reduces pain, irritation and discomfort promptly, with immediate benefit to the patient which is maintained by the effective therapy of the well-tried medicaments embodied in the formula. The anaesthetic does not mask underlying causes, which should be investigated. The well-being of the patient is restored and at night restful sleep is obtained where this has hitherto been denied.

LIGNAX—the safe and sure haemorrhoidal treatment.

Available as follows:—

Suppositories in boxes of 12 and 100 and ointment in 20G. tubes.

S. MAW SON AND SONS LIMITED · BARNET · ENGLAND

Commencing publication in May 1961—

A new medium in research communication

THE JOURNAL OF SURGICAL RESEARCH

A new periodical dedicated to critical selection and prompt publication of experimental work contributing to the advance of surgical science.

Edited by CHARLES G. CHILD, M.D., University of Michigan.

It is planned that this important new journal, the first to be devoted entirely to surgical research, will have an international appeal. Editorial policy will be broad; consideration will be given to reports of research which illuminate the nature of surgical disease or which suggest new methods for its study, its recognition or its management.

Beginning in May 1961, the Journal will be published bi-monthly. The subscription price has not yet been fixed, but it will probably be about 70s. to 75s. per year for the six consecutive issues.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisement appearing in this issue for posts in the hospital service which quote the rates of salary and other conditions which obtained before the recent agreement are published on the assumption that the employing authorities will in due course make the necessary adjustments. (17/10/60)

BURNLEY AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE

Reedford Memorial Hospital, Nelson (58 beds)

SENIOR HOUSE OFFICER IN GENERAL SURGERY

The hospital deals mainly with general surgical cases, and there are a few gynaecological beds. The Casualty Department is staffed by general practitioners from 9 a.m. to 5 p.m. Monday to Friday inclusive, and there is a Surgical Registrar and a Senior House Officer resident in the hospital. The resident medical staff have also responsibility, as necessary, for 29 beds in an Annexe near the main hospital. Good accommodation is available. The hospital is pleasantly situated on the outskirts of the town. Applications, with two references, to Group Secretary, Burnley General Hospital. Post available early March. (9817)

CROMER AND DISTRICT HOSPITAL**SENIOR HOUSE OFFICER**

(resident) required. Post vacant end of February, 1961. Tenable for six months or one year. This is one of two House Officer posts, offering a unique range of experience. The two House Officers at the hospital work for alternating periods of three months under the Physician and Surgeon respectively; they visit and assist at an active treatment unit for rheumatism and a children's hospital while working with the Physician, and at an active treatment geriatric unit while working with the Surgeon. Travelling allowance is paid to car owners, or hospital transport provided. The hospital is a busy one of 52 beds, holding out-patient clinics in all major specialties, at which the House Officers attend. It is unusually well equipped. The posts are resident with all services if desired, but for married applicants there is a furnished bungalow of superior standard. The dual nature of the post ensures regular off-duty. Applications, giving details of qualifications and experience, together with the names of two referees, should be forwarded to the Secretary, Cromer and District General Hospital, Cromer, Norfolk. (9286)

EAST SURREY HOSPITAL
Shrewsbury Road, Redhill, Surrey

GOVERNMENTAL**VACANCIES IN THE CIVIL SERVICE****Air Ministry
MEDICAL OFFICERS**

Three posts at the R.A.F. Institute of Aviation Medicine, Farnborough, Hants, for registered medical practitioners (men or women). Two posts require up-to-date knowledge of applied aviation medicine outside U.K. and of physiological problems of high altitude flying, with experience of aircrew and other medical and physiological problems, and of live-saving devices and equipment. The

other post requires at least three years' experience in human climatic physiology. A research qualification is desirable; flying experience in military aircraft, general knowledge of aviation medicine, and experience in design of personal equipment for aviation are advantages. Duties are concerned with investigation of human physiological responses to extremes of temperature, and supervision of development of personal equipment for protection against thermal stress.

**Ministry of Education
MEDICAL OFFICER**

Post for registered medical practitioner (man or woman) with wide experience in paediatrics, including the School Health Service. A higher medical qualification is desirable; experience in the Public Health Service an advantage. Duties include inspecting and reporting on the School Health Service and on local authorities' arrangements for the special treatment of handicapped children.

**Ministry of Health
MEDICAL OFFICERS**

About six headquarters posts for registered medical practitioners (men or women) with experience in the Public Health Service or comparable administrative experience. Diploma in Public Health desirable. Duties concerned with public health administration and regional work of the National Health Service.

**Ministry of Health
REGIONAL MEDICAL OFFICERS**

Five posts for registered medical practitioners (men or women) with wide experience of general practice. Experience in medical boarding or occupational health an advantage. Duties: examining insured persons referred by the Ministry of Pensions and National Insurance; examining persons under Disabled Persons (Employment) Act, 1944; and certain non-clinical activities of a general nature.

**Home Office
MEDICAL OFFICER**

Post for registered medical practitioner (man or woman) with experience in medical work with children and adolescents. Candidates must have held house appointments. Diploma in Public Health or Child Health desirable. Duties concerned with medical aspects of the care of children and adolescents who are boarded out or resident in homes or hostels, and the inspection of these establishments.

**Ministry of Pensions and National Insurance
MEDICAL OFFICERS**

Two provincial posts for registered medical practitioners (men or women) with good clinical experience. Experience in public health, occupational health, or medical boarding an advantage. Duties mainly concerned with claims for disablement benefit and war pensions.

**Ministry of Pensions and National Insurance
PNEUMOCONIOSIS MEDICAL OFFICER**

Post for registered medical practitioner (man or woman) with special interest and experience in chest work. Duties include membership of Pneumoconiosis Medical Panels and clinical examination of claimants to disablement benefit and supervision of radiographical work.

**Prison Commission
MEDICAL OFFICERS**

Eight posts (six for men, two for women) for registered medical practitioners with sound knowledge of medical and surgical practice, preferably with experience in psychological medicine. D.P.M. an advantage. Duties are mainly clinical. Medical Officers are responsible for the physical and mental health of persons in custody, the supervision of the hospital and general hygiene of the establishment; the provision of medical and psychiatric reports to the Prison Commissioners and the Courts. There are opportunities for research into mental and physical disorders.

**Welsh Board of Health
MEDICAL OFFICER**

Post for registered medical practitioner (man or woman) with Public Health Service or comparable experience. Knowledge of Welsh desirable; Diploma in Public Health an advantage. Duties concerned with local Health Authorities Services, general Public Health Services, liaison with Public Health Laboratory Services, Food and Drugs Acts, vital statistics, port health, general epidemiology, and radioactivity.

**Welsh Board of Health
REGIONAL MEDICAL OFFICERS**

Two posts for registered medical practitioners (men or women) with wide experience of general practice. Experience in medical boarding or occupational health an advantage; knowledge of Welsh desirable. Duties: examining insured persons referred by the Ministry of Pensions and National Insurance; examining persons under Disabled Persons (Employment) Act, 1944; and certain non-clinical activities of a general nature.

Candidates for all the above posts must be at least 28 on March 1, 1961. Starting salary: £1,660 at 28 to £2,595 (or, exceptionally, higher) at 40 or over. Scale maximum £2,925. Promotion prospects. Interviews in London. Write Civil Service Commission, Burlington Gardens, London W.1, for application form, quoting 58/61. Closing date March 14, 1961.

PUBLIC HEALTH**CITY OF LEEDS
Public Health Department****ASSISTANT MEDICAL OFFICER**

Applications are invited from suitably qualified and registered male or female medical practitioners for the post of Assistant Medical Officer, for general work in the Public Health Department. The duties of the appointment will be mainly work in connection with immunization and infectious diseases control. Opportunity will be given to the successful candidate to take the part-time D.P.H. course at the Leeds University if it is so desired. The Medical Officer appointed will work under the immediate direction of the Medical Officer of Health and his Deputy. Salary scale £1,295 per annum, rising by five annual increments of £65 to £1,620 and three increments of £75 to a maximum of £1,845. In determining the commencing salary, due consideration will be given to previous experience and qualifications. The first increment will take effect on April 1 following the completion of six months' satisfactory service. The person appointed will be required to pass a medical examination and to contribute to the superannuation fund established under the Local Government Superannuation Acts, 1937-53. Applications, endorsed "Assistant Medical Officer," must be delivered at the Public Health Department, 25 East Parade, Leeds 1, not later than 10 a.m. on Monday, March 6, 1961. Canvassing in any form, either directly or indirectly, will be a disqualification.—D. B. Bradshaw, Medical Officer of Health. (9825)

CITY OF WESTMINSTER**DEPUTY MEDICAL OFFICER OF HEALTH**

The Westminster City Council invites applications from qualified medical practitioners, who hold a registered Diploma in Public Health or State Medicine, for appointment as full-time Deputy Medical Officer of Health for Westminster. Salary £2,703 6s. 8d. by £100 (3) to £3,003 6s. 8d. per annum. Full particulars from the undersigned, by whom applications must be received not later than March 6, 1961.—A. G. Dawtry, Town Clerk, Westminster City Hall, Charing Cross Road, London W.C.2. (9828)

COUNTY BOROUGH OF HUDDERSFIELD**DEPUTY MEDICAL OFFICER OF HEALTH
AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the above full-time superannuable appointment. Applicants must possess the Diploma in Public Health or equivalent. The post will afford opportunity for the treatment of infectious diseases. The salary will be within the scale £1,598 6s. 8d. to £1,821 13s. 4d.—increments of £46 13s. 4d. (2) and £43 6s. 8d. (3). The successful applicant will be required to use his own car for official purposes, and a car allowance of £100 per annum will be paid. The post will be subject to such other conditions of service as are laid down by Committee "C" of the Medical Whitley Council. Application forms, with terms and conditions of the appointment, obtainable from Dr. R. G. Davies, Medical Officer of Health, Ramsden Street, Huddersfield, to whom completed applications should be returned by February 27, 1961. Canvassing is prohibited.—Harry Bann, Town Clerk, Town Hall, Huddersfield. (9462)

HEALTH**

Applications invited from registered medical practitioners for part-time (6/11ths of whole-time) appointment in Ilford Health Area. Those with Diploma in Public Health preferred. The duties of the post are in connection with School Health Service and Maternity and Child Welfare Services. Possibility of whole-time appointment eventually. Salary (under review) according to experience and pro rata to whole-time scale £1,150 by £60 to £1,510 by £65 to £1,640. Appointment subject to medical examination. Application form, from County Medical Officer of Health, County Hall, Chelmsford, returnable by February 28, 1961. (9592)

**STAFFORDSHIRE COUNTY COUNCIL
BROWNHILLS URBAN DISTRICT COUNCIL**

Applications are invited for the separate part-time appointments of

**ASSISTANT COUNTY MEDICAL OFFICER
AND SCHOOL MEDICAL OFFICER AND
MEDICAL OFFICER OF HEALTH**

of the Brownhills Urban District.

The appointments together will constitute whole-time, the allocations being eight half-days and three half-days respectively. The proportionate salary for each appointment is calculated in accordance with the latest agreed scale, and increments will be given for previous service in the same capacity, the ranges being: County Council, £914 15s. 5d. by £47 14s. 6d. (6) by £51 14s. 1d. (2) to £1,304 10s. 11d.; Brownhills U.D.C., £553 12s. 9d. by £19 1s. 10d. (2) by £17 14s. 6-7d. (2) to £627 5s. 6d. (subject to review in the light of the latest Whitley Award). A car will be an advantage, and an appropriate allowance will be paid. The posts are superannuable, and the successful candidate must pass a medical examination and produce his birth certificate. Applicants must be fully qualified medical practitioners, with experience in public health duties, and must hold the Diploma of Public Health or its equivalent. The candidate appointed will, as regards the County Council duties, act under the direction of the County Medical Officer of Health and will be required to perform such duties as may from time to time be prescribed. As regards the duties of Medical Officer of Health, he will be subject to the Public Health Officers' Regulations, 1959, and to the sole control and direction of the Urban District Council. The County Council appointment will be subject to three calendar months' notice in writing on either side. Forms of application may be obtained from the County Medical Officer of Health, County Buildings, Stafford, and should be returned to him not later than by first post on March 6, 1961.—T. H. Evans, Clerk of the County Council; N. Waine, Clerk of the Brownhills Urban District Council, County Buildings, Stafford. (9826)

ADMINISTRATIVE**NEWCASTLE REGIONAL HOSPITAL BOARD****ASSISTANT SENIOR ADMINISTRATIVE
MEDICAL OFFICER**

whole-time, on the Headquarters staff of the Board, at a salary of £2,170 by six annual increments to £2,710 per annum. Applicants should have sound clinical background and preferably some administrative experience. To assist the Senior Administrative Medical Officer in the interesting and expanding work of planning, organization, staffing and administration of the hospital and specialist service in the region, which serves a population of approximately three millions and includes 168 hospitals. There is a large programme of capital development. The appointment is subject to the National Health Service (Superannuation) Regulations, and will be terminable by three months' notice on either side. Applications, giving particulars of age, qualifications and experience, together with the names and addresses of three referees, should be addressed to the Senior Administrative Medical Officer, Newcastle Regional Hospital Board, Benfield Road, Newcastle upon Tyne 6, within 28 days. Further particulars on request. (9593)

COMMERCIAL AND INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958, and amended by the Council in June, 1960), which is available on request from the Secretary.

**A large copper mining company in
Northern Rhodesia requires**

TWO MEDICAL OFFICERS

**One preferably qualified and experienced in Anaesthetics
and the other in Midwifery and Gynaecology**

The successful applicants, in addition to administering anaesthetics in the one case and undertaking gynaecological and obstetrical work in the other, will also be required to perform certain general medical duties. They will be employed in both the Company's European and African hospitals, which comprise 450 beds and are very modern and well equipped with excellent laboratory, x-ray, operating and physiotherapy facilities. The hospitals are staffed by ten medical officers and cater for approximately 35,000 Africans and 5,000 Europeans.

The basic salary of each post will depend on qualifications and experience, but will not be less than £2,000 per annum. There is also a variable cost of living allowance, at present £60 per annum. In addition there is a Metal Bonus Scheme whereby employees share in the prosperity of the Copper Mining Industry. The present provisional bonus rate is 47½% of basic salary. There are also generous Life Assurance, Pension and Share Purchase Schemes.

Paid leave is at the rate of 51 days per annum, and may be accumulated for three years. In addition, up to five days' local leave may be granted each year.

A house, with basic furniture, is available at a nominal rent and a car provided for professional use.

Free passages will be provided for the successful applicants and their wives and children.

The Mine is situated in the Copperbelt of Northern Rhodesia, where schooling, sport and recreational facilities are excellent. The summer is not unduly hot and general health conditions are very good.

Applications, giving full personal particulars, and details of qualifications and experience, should be sent, together with a recent photograph and an indication of the earliest date that duties could be taken up, to:

**The Appointments Officer,
Mine Employment Department,
Selection Trust Limited, Mason's Avenue,
London E.C.2.**

Please quote: C.4.

All applications will be treated in strict confidence.

MONASH UNIVERSITY
Clayton, Victoria, Australia
Department of Anatomy

Applications are invited for the following appointments:

- (a) **SENIOR LECTURESHIPS** and/or
LECTURESHIPS
(b) **HISTOLOGIST**

as senior technical officer in charge of technical staff and facilities in the department.

The Interim Council has recently appointed to the Chair of Anatomy Associate Professor G. C. Schofield, of the University of Otago, whose department in 1961 will be involved in the planning of the permanent medical school and, principally, in preparing courses of instruction in anatomy for 1962.

Salary scales: Senior Lecturer £A.2,480/£A.100/£A.2,950; Lecturer £A.1,660/£A.100/£A.2,360; Histologist not less than £A.1,790 per annum, with provision for superannuation on the F.S.S.U. basis. The initial salary in each case will be fixed having regard to a successful candidate's qualifications and experience.

General Conditions of Appointment (including details of the provisions made for removal expenses, housing, etc.) may be had from the Registrar of the University, P.O. Box 92, Clayton, Victoria, Australia, or from the Secretary, Association of Universities of the British Commonwealth, 36 Gordon Square, London W.C.1.

Applications, in duplicate, and giving the information listed in the general conditions of appointment, should be lodged with the Registrar of the University not later than March 31, 1961. An applicant resident elsewhere than in Australia or New Zealand should also send one copy of his application to the Secretary, A.U.B.C., 36 Gordon Square, London W.C.1. (9757)

THAMES HOSPITAL BOARD
Thames, New Zealand

FULL-TIME SURGEON, Thames Hospital

Applications are invited from registered medical practitioners for the position of full-time Surgeon, Thames Hospital. Salary in accordance with Hospital Employment Regulations, as Senior Registrar, £(N.Z.)1,400 to £(N.Z.)1,600 per annum, plus £(N.Z.)200 if living out, or Junior Specialist £(N.Z.)1,900 to £(N.Z.)2,300 per annum, or Medical Officer of Special Scale, as determined by the Salaries Grading Committee. A house is available. Duties to commence at earliest date possible after May 1, 1961. Conditions of Appointment and Form of Application may be obtained from the Office of the High Commissioner for New Zealand, 415 Strand, London W.C.2, England, or the undersigned. Applications, addressed to the Secretary, P.O. Box 407, Thames, New Zealand, should be posted airmail, and close on April 4, 1961.—F. Hopkinson, Secretary, Thames, New Zealand. (9728)

HOW MANY JOURNALS DO YOU READ?

Every day the flow of medical literature increases in volume to meet the ever-growing needs of medical progress. Papers, theses, reports, studies, pour from the presses of the world in many languages.

Every day the task of keeping closely in touch with new developments having an important bearing on your work becomes more difficult.

ABSTRACTS OF WORLD MEDICINE solves your problem . . .

This journal covers the whole field of clinical medicine and allied medical sciences in each issue, and presents to you each month concise, informative, readable abstracts of the best of the original papers published throughout the world—selected from over 1,500 medical journals.

**ABSTRACTS OF WORLD MEDICINE saves your time . . .**

Prescribing a Laxative

WHEN THE PHYSICIAN is called upon to prescribe a laxative, Andrews merits special consideration.

Andrews does not irritate the intestine and causes no griping or discomfort. Its laxative action is due to the presence of magnesium sulphate and other salts in balanced proportion. Their effect is to increase the fluid in the bowel by osmosis, and so induce easy, comfortable evacuation. Andrews has a pleasant taste and a refreshing effervescence which make it readily acceptable.

Andrews is particularly suitable for patients liable to digestive upsets. It is mildly antacid and allays gastric discomfort. It also improves the flow of bile, and helps to check biliousness and sick headaches.

No costive reaction results when Andrews is discontinued.

Andrews LIVER SALT

ACTIVE CONSTITUENTS:

Tart. Acid.....	22.80%	Sucros.....	37.20%
Sod. Bicarb.....	22.60%	Mag. Sulph. Exsicc.....	17.40%

A medical sample is available free on request.
